

"And Moses built an altar, and called the name of it Jehovahnissi:" Exodus 17:15

Jehovahnissi: "The LORD, Our Banner." The battlefield banner is the symbol of the attacking army's might and power. Some will put enemies to flight upon being displayed. A banner is feared because of who it represents. God, Our Banner, has the power to annihilate and destroy anything. God is at once the Standard and the power. When God fights for you

who can be against you? His is a terror to his enemies. He will not scare you to death; He will put you to death, forever in the black flames of "outer darkness." "It is a fearful thing to fall into the hands of a living God." We forget, in the midst of our trials and tiresome pilgrimage, who our Father is. He is unseen. Our constant contact with the five senses makes us feel that faith isn't real. It cannot be physically felt. The supernatural, spiritual, dimension co-exists with the natural. God gives us the "sixth sense," faith, to detect it. The supernatural is as real as you. Our bodies are destined to die, while our souls are eternal, made in the image of the Eternal God. You determine your destiny by your treatment of faith. It's literally Life and Death, eternally. There are no limits to what we can dare imagine about God's ability. "With God nothing shall be impossible," therefore, everything is possible. "God cannot lie," but He can send a lie to do His bidding. Trying to determine what God cannot do, makes you like Lucifer. In the end you'll both end up in Hell. God cannot lie, because of the power of His Word. If He says it, it becomes from sheer nothingness. His power is foolish to defy. You can be a genius and still be a fool. All it takes is to say, "There is no God." Technology allows the brilliant mind of physicist, Stephen Hawking, to manifest extreme foolishness. It's a pity that his physical condition and Satan's whispers have convinced him to deny God. He may be handicapped physically, now, but unless he repents he'll be handicapped eternally. God *will* always have the last Word.

Jehovahnissi is His name,
He, His banner are the same,
His might and power never wane,
He always ever is the same. -CGP
